Summary — Versatile Full-Stack Developer with nearly three years in startup environments, skilled in delivering high-impact, user-centered solutions using Angular, React, Node.js, and SQL. Recognized for driving business results, automating workflows, and collaborating cross-functionally to deliver optimized, scalable features.

Skills

Backend	Node.js, Express, SQL, Redis, REST, GraphQL	Tools	Iterable, Mix-panel, Refiner, Jira
Frontend	JavaScript, TypeScript, React, Angular, Redux Toolkit, RTK Query	Other	Git, Agile/Scrum, Problem Solving, Collaboration
Databases	PostgreSQL, MySQL, Directus		

Highlights

- **Revenue Growth:** Launched HQ self-checkout, generating \$100k within three months.
- **Operational Efficiency:** Automated design compliance checks, reducing manual effort by 40%.
- **Enhanced Security & Access Control:** Built role-based permissions system, reducing unauthorized access by 30%.
- **Data-Driven Insights:** Developed A/B testing on brochure site, improving user journey and engagement.
- **Pricing Consistency:** Integrated dynamic pricing on proofs for accurate, real-time quotes.

Experience

Fresh Prints

Apr 2024 – Present

Full-Stack Developer Level 1

- Led development of HQ customer portal checkout and order module, achieving \$100k revenue boost in three months.
- Upgraded proofs system with dynamic quoting capabilities, ensuring consistent pricing across user touch-points.
- Created a member management system, enabling user-group functionality with seamless on-boarding.
- Consolidated email communications via Iterable, streamlining proof, order, and user account workflows.
- Led code reviews across projects, improving consistency and maintainability.

Fresh Prints

Apr 2022 – Apr 2024

Full-Stack Developer Level 0

- Implemented a permissions-based access control system, enhancing data security and departmental compliance.
- Built foundation for HQ portal, establishing reusable and scalable components for sustained development.
- Increased app stability by 30% through effective issue resolution.
- Automated license compliance with Affinity API, reducing licensing team's workload by 40%.
- Developed A/B testing framework to support UX insights and user behavior analysis for new platform iterations.

Education

Vishwakarma Institute of Technology

Bachelor of technology in Computer Science

2018 - 2022

GPA: 8.64/10

Doon International School

Central Board of Secondary Education

2015 - 2017

Percentage: 82.6/100

Summer Valley School

Indian Certificate of Secondary Education

2005 - 2015

Percentage: 95.6/100

Certifications

- Interactivity with JavaScript
- Problem Solving Techniques
- Advanced Styling with Responsive Design
- Introduction to SQL
- System Design Excellence Certificate
- Introduction to C++ Excellence Certificate
